# WHY SHOREMASTER

ShoreMaster is so much more than just a dock and boat lift manufacturing company. We are a team of **GREAT PEOPLE** working to do great things for our customers and our community. Working to provide each and every customer and user with the very best waterfront experience available. With over 45 years of experience and knowledge, ShoreMaster is primed for continued growth well into the future.

## WHAT WE DO...

ShoreMaster's complete line-up of residential docks and lifts are sold through an extensive network of knowledgeable, friendly dealers and distributors throughout the United States and Canada.

## DOCKS

Style. Versatility. Convenience. Our premiere docks stand in a class all their own. ShoreMaster manufactures one of the market's widest array of dock systems and accessories. Our line-up consists of aluminum, steel and plastic options to accommodate standing, wheel-in or floating necessities.

## BOAT LIFTS

Strength. Stability. Durability. Our lifts are built to stand the test of time. ShoreMaster offers its customer a broad offering of boat lifts - from aluminum standing options to floating steel hoists, all with welded construction. We provide lifts, canopies and accessories that offer superior protection against the elements.

## AND MORE...

While docks and lifts are our main business, at ShoreMaster we cover the whole waterfront. From slides to swim rafts and lake front accessories we provide the tools and accessories to make sure our customers enjoy their waterfront experience to the fullest extent.

# THE SHOREMASTER WAY

ShoreMaster is driven by two assets - **GREAT EMPLOYEES** and **GREAT CUSTOMERS**. This has been the key to our success since the very beginning. We are looking for team members who demonstrate talent, safe work habits, desire and passion, positive attitude, cooperation and a willingness to learn. As a part of the ShoreMaster team our employees get to be a part of a fun, friendly, safety-orientated, focused company with a proven record of success. Some of the other benefits of joining the ShoreMaster team are:

- A focus on lean manufacturing and continuous improvement. **You will always be learning something new; robotics, CNC, welding and more while building quality products in a safe, clean work environment.**
- Opportunity for advancement; ShoreMaster prides itself on promoting from within. **See the list of our multiple positions that make up ShoreMaster on the back.**
- Great health and life insurance plans. **You will save money on healthcare costs while protecting yourself and your family.**
- 3 day weekends, Paid Time off. **We understand the importance of work / life balance and reward your hard work with opportunities to stay balanced.**
- Retirement planning programs with a company 401K match. **We provide you with great opportunities to save money and prepare for retirement, you'll feel confident in your future with the company, and beyond.**
