RESHAPING YOUR WATERFRONT.

Discover the ShoreMaster difference.
Take your waterfront experience to the next level with the Infinity Dock System from ShoreMaster. Engineered with stability and durability in mind the real distinction of the Infinity System comes from its ability to perfectly suit your needs - even as they change. From the QuickConnect® assembly and accessory system and industry leading 11 decking options, all the way down to the geometry of our 5-Sided Dock Leg® and pocket, the Infinity Dock System was designed with your experience in mind. Whether you are looking for the ultimate in configurability, unmatched strength and stability or traditional design and easy installation, there is an Infinity Dock System to meet your needs.
INFINITY CURVE
THE ULTIMATE IN WATERFRONT ELEGANCE, DISTINCTION, AND FUNCTIONALITY.
YOUR DOCK. YOUR DESIGN. NO COMPROMISE.

Your shoreline doesn't concede to straight lines and right angles - so why should your dock/pier system. ShoreMaster's exclusive 45° and 90° curve sections provide the versatility, functionality, and elegance your waterfront experience needs and deserves.

Our Infinity curve dock sections offer premium performance and superior curb appeal.

**SOLAR DOCK LIGHTS**

NO CORD OR WIRING | SOLAR POWERED | EASY INSTALL | 5 COLORS AVAILABLE

Set your Infinity Dock System aglow in the evening with solar paneled dock lights from ShoreMaster.

Mounted directly into the dock leg caps our dock lights are easy to install and offer an attractive and unobtrusive low profile – no tripping, no wasted dock space. A bright solar powered LED light provides an evening illumination without the hassle of cords or wires.

Available in White, Blue, Red, Green and Amber

**QUICK STEPS**

4- AND 6- STEP OPTIONS | PIVOTING ANGLE | TWO STYLES AVAILABLE | QUICKCONNECT

ShoreMaster’s NEW Quick Steps feature a wider step, deep tread and can be used as dock steps or landscaping steps for the ultimate waterfront experience. Also available are our standard dock steps.

4- and 6-step options available in both styles.

Quick Steps feature 33.75” stair opening, 41” overall width, and 7.125” stair tread.

*See page 40 for additional dock accessories*
**WATERSPORT RACK**

**SINGLE AND DOUBLE RACK OPTIONS | QUICKCONNECT**

Store your paddleboard, kayak or canoe off of your dock with an accessory bracket that attaches to the outside perimeter of your dock at any location.

Single and double rack options available. Versatile design can accommodate nearly any watersport equipment including paddleboards, kayaks, and canoes.

**PIVOT LADDER**

**3-, 4-, AND 5-STEP OPTIONS | QUICKCONNECT**

Get in and out of the water easily with ShoreMaster’s QC Pivot Ladders. A vertical pivoting action and locking pin allows you to flip the ladder up when you’re not using it, making it ideal for swimmers.

3-, 4- and 5-step options available.

**NEW**

**STAND-UP PADDLEBOARD RACK**

**EASY, SECURE BOARD & PADDLE STORAGE | QUICKCONNECT**

Our SUP storage rack is the best way to store your Stand Up Paddleboards dockside so they are ready to ride whenever you are. The SUP Storage Rack is designed to fit any style of stand up paddleboard, and the storage rack arms are vertically adjustable so you can store your SUP at the perfect height for you. With easy installation and seamless protection for our paddleboards we make it even more convenient for you to get out on your next paddling adventure.
ShoreMaster dock systems feature removable decking panels, but why?

There are a number of reasons. First, we build the strength of our dock systems into the frame sections themselves. We don't rely on the decking attachment to provide the system its strength. Second, it's better for the owners of our systems. It provides you options and makes installation, removal, upkeep and upgrades so much easier.

Why choose a removable deck panel system?

• Panels can be removed for installation/removal, making sections lighter and easier to carry and install
• Opportunity to update or upgrade the look of your system without replacing frame sections
• Easily replace individual panels if necessary - no need to replace an entire dock section
• Trust that the integrity and strength of your system is built into the frame itself

Choose from the industry's MOST DECKING OPTIONS.
HARDWOOD IPE
LUXURIOUS | DURABLE | NATURAL | LOW-MAINTENANCE

You want real wood decking with low maintenance requirements. IPE hardwood decking from ShoreMaster adds stability to your dock system because its density adds additional weight to the overall dock system. IPE decking feels firm and stable under foot and its natural oils resist warping, insects and decay to provide you with a natural wood decking option that’s remarkably low maintenance.

TRADITIONAL WOODGRAIN ALUMINUM
MAINTENANCE-FREE | POWDER-COATED | DURABLE

You want all of the natural beauty of real wood decking, but you need it to be maintenance free. Woodgrain aluminum decking gives you just that. Woodgrain powder-coated aluminum decking won’t rot, twist, warp or decay, so your dock will look like new year after year. Get all of the benefits of natural wood, without the hassle of annual wood decking maintenance.

GRAY OAK WOODGRAIN ALUMINUM
MAINTENANCE-FREE | POWDER-COATED | DURABLE

Add timeless beauty and durability to your dock system with our Gray Oak woodgrain aluminum decking. Utilizing an Italian process paint application, our woodgrain decking features a non-repeating pattern so you get the uniqueness and natural appearance of wood without all the maintenance and hassle. Plus, the treaded surface provides you with a safe, cool to the touch decking option that’s as comfortable as it is beautiful.
VERTEX® (GRAY AND TAN)
SHOREMASTER EXCLUSIVE | MAINTENANCE-FREE | SLIP-RESISTANT

If you want a maintenance-free decking option that is truly unique. You want the ShoreMaster exclusive Vertex decking. With a flagstone pattern, Vertex feels smooth on bare feet, looks great, and is incredibly slip resistant. Once you’ve walked on Vertex decking, you won't want anything else for your family.

FLOW THROUGH (GRAY AND TAN)
LIGHT-WEIGHT | MAINTENANCE-FREE | SLIP-RESISTANT

Flow Through decking is one of the easiest decking options to own because the open concept of the design will not collect dirt and debris. This allows it to dry faster and stay clean longer. You’ll be able to enjoy a great looking dock system without any of the decking maintenance and cleaning. Flow Through decking is easy on your feet, and its slip-resistant surface allows you to safely, and comfortably enjoy time spent on your dock.

PAINTED ALUMINUM (TAN AND WHITE)
POWDER-COATED | MAINTENANCE-FREE | DURABLE | STAYS COOL

ShoreMaster’s painted aluminum decking is among our most popular aluminum decking options as it provides a safe, comfortable decking surface. Powder-coated in natural tan or white, you get an attractive decking option to complement your waterfront property. Painted aluminum decking features a treaded surface and stays cool to the touch, so your family can truly enjoy every summer day on your dock.

Plain Aluminum and Cedar wood also available. See dealer for details.
Precision welded lifts provide maximum dependability

ShoreMaster's WeatherMax® fabric canopy covers offer superior protection from the elements for your boat. You'll enjoy WeatherMax's ease-of-use when it comes to installation, removal or storage of the cover because WeatherMax is incredibly lightweight and easy to handle.

WeatherMax canopy covers from ShoreMaster have a reputation for long-lasting color retention, incredible durability and superior protection from the elements.

- Features a water-repellent HydroMax™ finish for long-lasting protection, durability, and color retention
- Lightweight engineered yarn fabric provides a soft feel, vibrant colors, and easy installation and removal

The addition of an OEM exclusive top coat to our 13oz vinyl canopy cover provides superior durability and performance. The 13oz vinyl canopy cover with top coat will outperform heavier 18oz vinyls in the following areas: tear resistance, grab tensile, strip tensile and hydrostatic resistance.

- Top coat finish provides you with superior durability, clean-ability, complete protection from the elements, and unmatched weatherproofing
- Additional boat coverage is provided by the deep scalloping around the perimeter of the canopy cover

13oz vinyl canopy cover is designed to be very lightweight without sacrificing the durability or moisture and UV protection that you expect from a premium vinyl canopy cover.

- 13oz vinyl material is incredibly lightweight, so installation and removal is quicker, easier and less cumbersome
- Additional boat coverage is provided by the deep scalloping around the perimeter of the canopy cover
